

**FY 2011 Military Construction and Veterans Affairs  
Authorization and Appropriations Requests**

Project: Aircraft Crash/Rescue & Fire Headquarters  
Request: \$16,861,000  
Account: NA MILCON  
Project Number: P-678  
Service Component: Navy  
Project Location: Naval Air Station Key West, FL  
Project Description: The project constructs a combined aircraft crash/rescue station and structural fire headquarters facility at NAS Key West, FL. The facility will include administrative areas, berthing spaces, rest rooms, apparatus storage areas.

Project: Applied Instructor Facility-EOD Course  
Request: \$18,452,000  
Account: NA MILCON  
Project Number: P-927  
Service Component: Navy  
Project Location: Naval Air Station Whiting Field  
Project Description: The project constructs: 1) two applied instruction training facilities; 2) an addition to an existing dining facility; 3) a new galley; 4) renovation and conversion of the existing galley and storage facilities to new dining area; 5) general vehicle storage shed in support of the basic Explosives Ordnance Disposal (EOD) course expansion. This training will provide basic explosive ordnance disposal skills and training for EOD team members.

Project: BAMS UAS Operator Training Facility  
Request: \$2,285,000  
Account: NA MILCON  
Project Number: P-153  
Service Component: Navy  
Project Location: Naval Air Station Jacksonville, FL  
Project Description: Project provides a 787 m2 (8,473 SF) facility to train new operators of the Broad Area Maritime Surveillance (BAMS) aircraft. The BAMS system will fulfill the Navy's mission to provide Unmanned Aircraft Systems with persistent maritime Intelligence, Surveillance and Reconnaissance data collection and dissemination capability to the Fleet.

Project: Entry Control Complex  
Request: \$7,500,000  
Account: AFR MILCON  
Project Number: KYJM079014  
Service Component: Air Force Reserve  
Project Location: Homestead Air Reserve Base  
Project Description: Construct new Entry Control Complex that will include a Main Gatehouse, Commercial Vehicle Inspection Facility, Pass & ID Facility, pavements, security cabling, vehicle barrier systems, landscaping, and static display. Construction shall comply with AT/FP and Hurricane standards contained in the Florida Building Code

Project: Massey Avenue Corridor Improvements  
Request: \$15,893,000  
Account: NA MILCON  
Project Number: P-503  
Service Component: Navy  
Project Location: Naval Station Mayport, FL  
Project Description: Project involves road improvements to 4,300 linear feet of Massey Avenue, creating a new boulevard style roadway with two lanes of traffic in each direction with a grass median. It also includes the realignment of several intersections and all associated work.

Project: Purchase of 9 acres  
Request: \$8,807,000  
Account: NA MILCON  
Project Number: P-391  
Service Component: Navy  
Project Location: Naval Support Activity Panama City, FL  
Project Description: Purchase 9 acres of residential and commercial property called Barefoot Palms on the south side of NSA Panama City to provide a critical buffer zone from future commercial or residential encroachment and prevent further incompatible development along the installation fence line.

Project: Range Control Facility  
Request: \$13,000,000  
Account: AF MILCON  
Project Number: XLWU07300  
Service Component: Air Force  
Project Location: Tyndall Air Force Base  
Project Description: A modern, secure facility with efficient classroom, compartmentalized operations rooms, Lockheed Martine Systems Integration maintenance facilities and staff/administrative/support offices.

Project: Regional PMEL Facility  
Request: \$14,600,000  
Account: AF MILCON  
Project Number: FTFA043002  
Service Component: Air Force  
Project Location: Eglin Air Force Base  
Project Description: An adequate Precision Measurement Equipment Laboratory facility is required to replace the existing facility due to its inadequate size and poor location.

Project: Relocate Main Gate  
Request: \$8,000,000  
Account: AF MILCON  
Project Number: SXHT023007  
Service Component: Air Force  
Project Location: Patrick Air Force Base, FL  
Project Description: New Main Entry Control Facilities are required to screen and authorize entry for personnel requiring access to Patrick Air Force Base.

Project: Warrior Support Complex  
Request: \$9,962,000  
Account: ARNG MILCON  
Project Number: 120187  
Service Component: Army National Guard  
Project Location: Camp Blanding, FL  
Project Description: Construction of 59,436 square feet of billeting, infrastructure, and supporting facilities, and all necessary work required for a fully functional and useable facility that will house and train a battalion sized element.
